INDUSTRIAL HISTORY

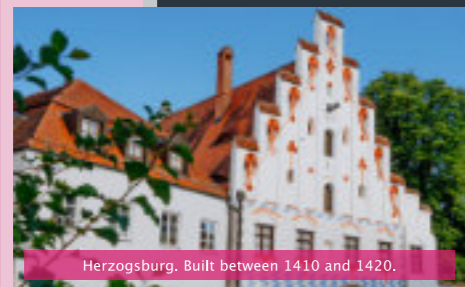

Historical structures in the upper city.

HERZOGSBURG, KASTENHOF, PFLEGHOF & STINKERTURM.

These four buildings define the character of the "upper city." Culture and city history are presented here through various thematic areas.

EVENT LOCATION.

Whether it is a company event in Herzogsburg Castle or a ceremony in the lovely wedding hall, we offer the ideal location with historical flair. You can also book and enjoy many other events with us, like concerts, readings, seminars and exhibitions.

Herzogsburg. Built between 1410 and 1420.

ONLINE. under www.museum-dingolfing.de, you can find all the information about our opening hours, various tours and the current calendar of events.

THE SUCCESSFUL GLAS COMPANY

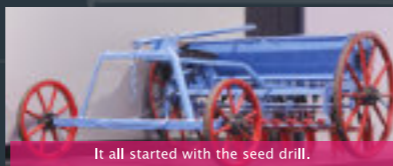

— INDUSTRIAL HISTORY —

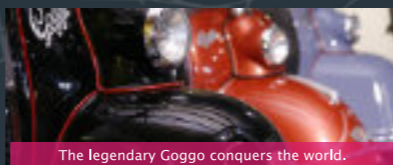

Granary. Industrial development of the city.

WHAT DOES A SEED DRILL HAVE TO DO WITH A BMW?

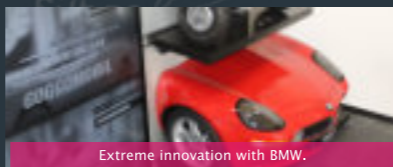

We show how an agricultural utility vehicle became our grandparents' legendary Goggomobile, and then finally the high-tech electric vehicle we know today.

It all started with the seed drill.

The legendary Goggo conquers the world.

Extreme innovation with BMW.

CITY AND SURROUNDINGS

— URBAN DEVELOPMENT —

Dingolfing's transformation.

HOW A FEW HOUSES GREW INTO THE CITY WE SEE TODAY

Over time, the former "lower and upper city" on the Isar River evolved into present-day Dingolfing, the home of the world's second-largest BMW factory - thanks to industrialization.

THE AGE OF PROSPERITY

— EVERYDAY LIFE AND WORK —

Economic miracle.

CAN YOU IMAGINE A TIME BEFORE TELEPHONES?

Thanks to the postwar "economic miracle," people were suddenly able to afford things that we now take for granted: phones, TVs, music, delicious treats and all sorts of things that make life more enjoyable.

MAKE IT YOUR MUSEUM!

— FOR EVERYONE —

ARE YOU INTERESTED IN A WORLD OF ADVENTURE?
